

Comparing and Contrasting Ecosystems: The Abiotics Triangle

Describe the Soil
(Color, Texture, Components)

Prairie:
.....

Forest:
.....

Wetland:
.....

Soil Moisture
(wet, moist, or dry)

Prairie:
.....

Forest:
.....

Wetland:
.....

Soil

Biotics depend on abiotics.
List the biotics, the living things,
you observe in each ecosystem.

% Sunlight Hitting
the Ground
